EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard K. Warther on May 6, 2005.

The application has been amended as follows:

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The replacement drawings should be resubmitted to include the labels "Replacement Sheet". In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The feature of the individual locking cam cooperating with a respective baffle segment and unconnected to other locking cams of the baffle segments in the respective segmented baffle ring and locking the baffle segment relative to a stator slot at which the baffle segment is positioned without locking other locking cams of the baffle segments in the respective segmented baffle ring, in combination with the other limitations present, are neither disclosed nor taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
